RE: Revised Site-Wide Quality
Assurance Project Plan
Approval

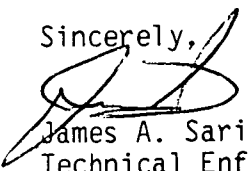

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) revisions to the Site-Wide Quality Assurance Project Plan (SCQ). The SCQ was originally approved by U.S. EPA on June 8, 1993. The latest revisions reflect changes made as a result of the Fernald Environmental Management Corporation becoming the new restoration management contractor, and specify information required in project specific plans.

U.S. EPA hereby approves the revised SCQ and is submitting the final signature page for your records.

Please contact me at (312) 886-0992 if you have any questions.

Sincerely,

James A. Saric, Remedial Project Manager
Technical Enforcement Section #1
RCRA Enforcement Branch
